

SCIENTIFIC PROGRAM

SCIENTEX CONFERENCES
Where Holistic Knowledge Blooms

4th International Conference on Heart and Cardiovascular Diseases

Theme: Novel Progression Towards the Heart and Cardiovascular Research

Date

May 04-05, 2026

Venue

Kuala Lumpur, Malaysia

SCAN ME

Welcome

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. About Conference

Following the remarkable success of the previous Heart conference 2023, 2024 and 2025, and with the guidance and the suggestions from our Honorable Speakers, we are stepping into our 4th series of the conference entitled “**4th International Conference on Heart and Cardiovascular Diseases**” scheduled on May 04-05, 2026 in Kuala Lumpur, Malaysia.

This premier global event will focus on heart health and advanced remedial therapies in cardiology, centered around the theme “**Novel Progression Towards the Heart and Cardiovascular Research**”.

Join us for an inspiring two-day program featuring keynote speakers, panel discussions, and networking opportunities with leading experts and researchers from around the globe. Attendees will be able to engage in 24 scientific sessions categories to showcase the latest advancements.. [\(click here for more\)](#)

Conference Schedule

Day 1 - May 04, 2026 (Monday)

08:55-09:00	-	Registration
09:00-09:15	-	Opening Ceremony and Introduction
09:15-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Day 2 - May 05, 2026 (Tuesday)

09:00-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

4th International Conference on Heart and Cardiovascular Diseases

May 04-05, 2026 | Kuala Lumpur, Malaysia

SPEAKER PRESENTATIONS

Title: Ten-Year Experience of Bloodless Open Cardiac Surgery in Jehovah's Witness Patients in Japan: Outcomes, Ethical Considerations, and Comparison with International Reports

Tatsuya Nakao, New Tokyo Hospital, Japan

Title: TBA

Gustavo Samaja, Policlinica Bancaria / Sanatorio Colegiales; Buenos Aires, Argentina

Title: Clinical and morphological features of lung injury long-term after SARS-CoV-2 recovery

Gulsara E Baimakanova, A.S. Loginov Moscow Clinical Scientific Centre, Russian Federation

Title: How Organ Care System Saved the Day During a DCD Heart Transplant: A Case of Complicated Sternal Re-entry

Nika Majidi, Croydon University Hospital, UK

Title: Mortality trends related to diabetes mellitus and heart failure: A retrospective study

Xinyu Lu, Shanghai Medical College, Fudan University, China

Title: Clinical Outcomes Of Infra-popliteal Angioplasty in Chronic Lower Limb Ischaemia

Jyotsna Gogineni, Consultant Vascular and Endovascular Surgeon, India

Title: Troponin Interference in Clinical Practice: A Case Series of 11 Patients in an Australian Rural Hospital

Gabriela Strey, Queensland University, Australia

Title: TBA

Tsuyoshi Ichinose, Tokyo University of Science Hospital, Japan

Title: TBA

Kosuke Nishida, Aihoku Heart Clinic, Japan

Title: Pumps and pathogens: Risk of sepsis in mechanical circulatory support

Kelsey Gore, Ochsner Health System, USA

Title: Cerebral toxoplasmosis and cryptococcosis in HIV: A rare case resolved with alternative treatment

Erick Jaasiel Ziga Lopez, Hospital General de Pachuca, Mexico

Title: Cardiac Rehabilitation vs. Usual Care therapy on Left ventricular Ejection Fraction outcomes in Patients with Breast Cancer undergoing Chemotherapy: A Meta-Analysis

Mary Martinae Miro, Perpetual Succour Hospital, Phillipines

Title: A Blunt needle Endoluminal Cracking Over the Strained Through-and-through wire for balloon crossing the heavy calcification and chronic total occlusion in critical limb ischemia

Nutsiri Kittitirapong, Ramathibodi Hospital, Thailand

Title: Prevalence of hypertensive Emergency and Associated Factors Among Hospitalized Patients with Hypertensive Crisis: A Retrospective Cross-Sectional Study

Desilu Desta, The University of Auckland, New Zealand

Title: Anti-inflammatory drugs in coronary syndromes: An update

Sebastian Castro Ortega, Bellvitge Hospital, Spain

Title: Gastropleural fistula: A rare but formidable complication of Type B Aortic Dissection

Juey-Ming Shih, Cathay General Hospital, Taiwan

Title: Comparative efficacy and safety of Cilnidipine and Amlodipine in the management of hypertension

Mohammed Akram Hossain, Chattagram General Hospital, Bangladesh

Title: A case of Infective Aortitis complicated by Aortic Pseudoaneurysm Following Percutaneous Coronary Intervention

Farhan Parachikkottil, Senior Resident, India

Title: Intraoperative Urine Output and its relation to Post-Operative Renal Function in patients undergoing Single Valve Replacement Surgery

Ishan Joshi, Kathmandu Institute of Child Health, Nepal

Presentations

6

Title: The rs243865 Polymorphism in Matrix Metalloproteinase-2 and its Association With Target Organ Damage in Patients With Resistant Hypertension

An Tuan Huynh, Can Tho University Of Medicine and Pharmacy, Vietnam

Title: Warm Blood Cardioplegia Based on Potassium, Magnesium, and Lidocaine versus Custodiol in Cardiac Surgery with Prolonged Aortic Cross-Clamping: A Comparative Study

Nikita Chibisov, Botkin Hospital, Russian Federation

Title: Predictors of post-operative complications in patients following cardiac surgery: A prospective observational study

Esha Mohamed Nisarahmed, MS Ramaiah University of Applied Science,

Title: Optimizing cardiac safety in contemporary procedures: A multimodal framework for risk stratification, surveillance, and intervention

Abel Don Palayoor, M.S Ramaiah University of Applied Sciences, India

Title: Catheter-Directed Thrombolysis for Phlegmasia Cerulea Dolens

D Yu Kornilov, Angiosurgeon, Russian Federation

Title: The Impact of the Articulation of Different Health Services on Hospitalizations for Heart Failure

Alexandro das Mercês Silva, University of São Paulo, Brazil
