

5th International Conference on Heart and Cardiovascular Diseases

Theme: Transforming Cardiovascular Care: Bridging Innovation, Research, and Clinical Excellence

Date

April 22-23, 2027

Venue

Paris, France

SCAN ME

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide.

About Conference

Following the remarkable success of the previous four editions, and with the guidance and the suggestions from our participants, we are stepping into our 5th series of the conference entitled the **5th International Conference on Heart and Cardiovascular Diseases** (Heart Congress 2027) will be held on **April 22-23, 2027**, at Campanile Prime Paris – Porte de Bagnole in Paris, France. The conference theme, “Transforming Cardiovascular Care: Bridging Innovation, Research, and Clinical Excellence,” highlights the latest advancements, research discoveries, and emerging technologies transforming cardiology and cardiovascular medicine worldwide.

Heart Congress 2027 will bring together cardiologists, cardiovascular researchers, surgeons, healthcare professionals, academicians, and industry experts from across the globe to exchange knowledge, present research, and strengthen international collaborations. The conference will feature keynote lectures, scientific sessions, oral and poster presentations, and networking opportunities covering diverse areas of cardiovascular healthcare and clinical practice..
