

SCIENTIFIC PROGRAM

SCIENTEX CONFERENCES
Where Holistic Knowledge Blooms

5th International Conference on Heart and Cardiovascular Diseases

Theme: Transforming Cardiovascular Care: Bridging Innovation, Research, and Clinical Excellence

Date

April 22-23, 2027

Venue

Paris, France

SCAN ME

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide.

About Conference

Following the remarkable success of the previous four editions, and with the guidance and the suggestions from our participants, we are stepping into our 5th series of the conference entitled the **5th International Conference on Heart and Cardiovascular Diseases** (Heart Congress 2027) will be held on **April 22-23, 2027**, at Campanile Prime Paris – Porte de Bagnole in Paris, France. The conference theme, “Transforming Cardiovascular Care: Bridging Innovation, Research, and Clinical Excellence,” highlights the latest advancements, research discoveries, and emerging technologies transforming cardiology and cardiovascular medicine worldwide.

Heart Congress 2027 will bring together cardiologists, cardiovascular researchers, surgeons, healthcare professionals, academicians, and industry experts from across the globe to exchange knowledge, present research, and strengthen international collaborations. The conference will feature keynote lectures, scientific sessions, oral and poster presentations, and networking opportunities covering diverse areas of cardiovascular healthcare and clinical practice.. Conference Schedule

Day 1 - April 22, 2027 (Thursday)

08:55-09:00	-	Registration
09:00-09:15	-	Opening Ceremony and Introduction
09:15-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Day 2 - April 23, 2027 (Friday)

09:00-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

5th International Conference on Heart and Cardiovascular Diseases

April 22-23, 2027 | Paris, France

SPEAKER PRESENTATIONS

Title: Long-term prognosis in patients with cardiovascular risk factors and stroke with previous coronavirus infection history, results of a 5-year follow-up

Evgeniya Tavloveva, National Medical Research Center for therapy and Preventive Medicine, Russian Federation

Title: TBA

Tatsuya Nakao, New Tokyo Hospital, Japan

Title: TBA

Anand Balaram Patil, Medcover Hospitals, India

Title: Multiparametric cardiac magnetic resonance in the differential diagnosis of left ventricular hypertrophy: A comparative case series

Anakhanim Safarova, Central Clinic Hospital, Azerbaijan

Title: The consumption of linoleic acid on lipid risk markers for cardiovascular disease

Erik Froyen, California State Polytechnic University, USA

Title: Challenging "Essential Hypertension": Identification of a distinct metabolic phenotype through insulin-induced ECG voltage changes (The Ateq Equation)

Amany H. Ateq, Royal Commission Medical Center, KSA

Title: False left ventricular aneurysm in patients with complicated forms of coronary heart disease: Long-term results of surgical treatment

Islam Akhmadov, A. N. Bakulev National medical research center for cardiovascular surgery of the Russian Ministry of Health, Russian Federation

Title: Transcatheter treatment of postinfarction false left ventricular aneurysm

Islam Akhmadov, A. N. Bakulev National medical research center for cardiovascular surgery of the Russian Ministry of Health, Russian Federation

Title: A case of acute aortic dissection with right common carotid artery occlusion treated with carotid artery reconstruction and partial arch replacement two days after onset

Kotaro Suzuki, Yonezawa city Hospital, Japan

Title: Combined Vitamin K2, Vitexin and Vitamin D3 intake in patients with peripheral artery disease

Gianluigi Rosi, Rosi Vascular Center, Italy

Title: TBA

Gustavo Samaja, Policlinica Bancaria / Sanatorio Colegiales; Buenos Aires, Argentina

Title: Pericardial decompression syndrome: A rare fatal complication of cardiac tamponade drainage

Manirakoze Eric, Hassan II University Hospital, Morocco

Title: Tirofiban-associated thrombocytopenia: A case report

Mohamed Hassan, Mediclinic City Hospital, UAE

Title: Beyond the kidneys: Multisystem systemic lupus erythematosus presenting with cardiac tamponade, class v lupus nephritis, dysphagia, and peripheral neurologic manifestations

Nickolle Cruz, Resident Internal Medicine Central Caribbean University, Puerto Rico

Title: Mode of presentation of hypertension in a group of hypertensive patients in Erbil

Dzhwar Jamal, Hawler Medical University, Iraq

Title: Early detection of anthracycline- induced cardiomyopathy: The emerging role of artificial intelligence and remote monitoring

Tosin Tolulope Fakiyesi, Shirley Oaks Circle Hospital, UK

Title: Sleep disorders as independent risk factors for ischemic heart disease: Evidence from case-control studies

Soham Samajpaty, West Bengal University of Health Sciences, India

Title: Multidisciplinary content validation of the girimok point-of-care protocol for neonatal cyanotic congenital heart disease: A four-phase iterative study

Syed Moiz Ahmed, Graphic Era Institute of Medical Sciences, India

Title: Successful combination treatment by repeat autologous cell therapy in a young patient with dilated cardiomyopathy

Aikumis Mansharipova, National Scientific Medical Research Center, Kazakhstan

Title: Renal artery aneurysm during transplant: Case presentation and literature review

Julio Omar Reyna Ortega, Instituto Mexicano Del Seguro Social, Mexico

Title: Improving Identification And Guideline-directed Medical Therapy For Patients With Heart Failure with reduced Ejection Fraction (HFrEF)

Mehakdeep Kaur, King's College London, UK

Title: Some vascular pathology in patients with headache and arterial hypertension

Sofya I Mizgireva, Bakulev Federal State Budgetary Institution of the Russian Academy of Medical Sciences, Russian Federation

Title: Rethinking milrinone after late tetralogy of fallot repair: A physiology-guided approach to postoperative haemodynamic support

Joram Nyandat, Moi Teaching & Referral Hospital, Kenya

Title: Dispensary monitoring of patients with congenital heart defects in the Kyrgyz Republic

Sofia M. Shakhnabieva, Kyrgyz-Russian Slavic University, Kyrgyzstan

Title: Left atrial appendage giant aneurysm- A case report

Md. Badruzzaman, Asgar Ali Hospital, Bangladesh

Title: Clinical determinants of pharmacologic versus exercise stress testing in myocardial perfusion imaging: A retrospective single-center study in Saudi Arabia

Abdulaziz S. Alqahtani, King Faisal Medical City for Southern Region, KSA

Title: Clinical audit of the incidence and documentation quality of Contrast-Induced Nephropathy (CIN) in a tertiary cardiology unit

Aleena Sunny, KIMSHEALTH, India

Title: Unmasking the intricate association of Tako-Tsubo Cardiomyopathy, atrial fibrillation and diabetes mellitus : A case Report and literature review

Adam Bouzahir, Ibn Sina University Hospital, Morocco

Title: Use of the accura balloon for pulmonary valvotomy across age groups: A three-patient case series

Sandip Ghoti, Grant Government Medical College, India

Title: Stamp graft and ozone therapy: Management of a grade III st. Elia diabetic foot ulcer

Leonardo Vineyard, Vesalius Vascular Center, Venezuela

Title: Surgical Management of Embolized ASD Closure Devices: A 10-Year Single-Center Experience

Roota Sukharamwala, Cardiothoracic & Vascular Surgeon, India

Title: Acute Fulminant Myocarditis: A Bridge to Advanced Surgical Interventions With VenoArterial Extracorporeal Membrane Oxygenation

Divya Ravikumar, Azerbaijan Medical University, UAE
