SCAN ME

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide.

About Conference

Following the remarkable success of the previous Heart conference 2023, 2024 and 2025, and with the guidance and the suggestions from our Honorable Speakers, we are stepping into our 4th series of the conference entitled **"4th International Conference on Heart and Cardiovascular Diseases"** scheduled on May 04-05, 2026 in Kuala Lumpur, Malaysia.

This premier global event will focus on heart health and advanced remedial therapies in cardiology, centered around the theme **"Novel Progression Towards the Heart and Cardiovascular Research"**.

Join us for an inspiring two-day program featuring keynote speakers, panel discussions, and networking opportunities with leading experts and researchers from around the globe. Attendees will be able to engage in 24 scientific sessions categories to showcase the latest advancements.. [\(click here for more\)](#)
